

Roche Luncheon Symposium

Tecentriq + Avastin : Exploring the Real World Experience

You are invited to attend the symposium on detailed analysis of Tecentriq + Avastin data from South Korea. The symposium will provide an opportunity to share best practices and experiences in leveraging real-world data to improve patient outcomes including high-risk groups. It will be a pleasure to have you participate in this important event.

Sept 21 (Thurs), 2023, 11:50 - 12:50 (GMT+9) @ BEXCO, Busan, Korea / Room 2

Chair : Yoon Jun Kim, MD, PhD

Yoon Jun Kim, MD, PhD

Gastroenterology, Transplantation Center,
Liver Cancer Center Seoul National University Hospital

**Study of IMbrave150 and RWD in
populations including high-risk individuals**

Jeong Heo, MD, PhD

Liver Disease, Gastroenterology
Pusan National University Hospital
